

Samsung MV900F Screen Replacement

This guide will demonstrate how to replace the screen on a Samsung MV900F, through eight easy steps.

Written By: Ethan Rowland

INTRODUCTION

This guide will demonstrate eight steps on how to replace the flip screen on a Samsung MV900F Smart Camera.

TOOLS:

- [Phillips #00 Screwdriver](#) (1)
- [Tweezers](#) (1)
- [iFixit Opening Tools](#) (1)

PARTS:

- [Samsung MV900F Screen](#) (1)
-

Step 1 — Battery

- Slide the lock towards the middle of the camera, in the same direction of the arrow.

Step 2

- Push the blue battery holder up in the direction of the arrow.

Step 3

- Pull the battery out of the battery slot.

Step 4 — Screen

- Use tweezers to remove the four rubber screw covers.

Step 5

- Remove the four Phillips 2.381 mm screws on back side of camera and one Phillips 2.381 mm screw on the bottom of the camera, using a Phillips #00 screwdriver.

Step 6

- Remove the back casing by just carefully pulling the casing off of the camera.

Step 7

- Use the Phillips #00 screw driver to remove the four 2.381 mm screws next to the screen hinge.

Step 8

- Use plastic opening tool to disconnect screen connector from the control board.

Step 9

- Remove the old screen.

To reassemble your device, follow these steps in reverse order.
